

Northshore Clinics and Consultants

COVID-19 Precautions and Safety

Please read thoroughly to ensure your safety and the safety of others

Wear a Mask

Please wear a mask or other face covering when entering the clinic. If you do not have one, it will be provided for you.

Social Distancing

Please maintain a space of 6ft apart with a mask on from anyone you encounter in the building. Seating in offices will be 6ft apart.

Greeting

Please text your clinician from your car when you arrive to let them know you are there to prevent people from being in the waiting area. If you are coming by medical transport or taxi, you may wait in the waiting room with a mask. People who accompany clients will be asked to wait in their cars.

Enhanced Cleaning

We will be taking extra precautions to sanitize and wipe down each room before a new client enters.

We care about your safety. If you have any symptoms of COVID-19 we strongly encourage you to not enter the facility. We ask that you stay home and use Telehealth if you have any symptoms listed or feel unwell.

Some known symptoms of COVID-19 include: fever, cough, cold symptoms, diarrhea, nausea, rash, loss of taste or smell.

For questions please call our office at 262-375-1116
